### **Ranch Trail**

- Obstacles found in a ranch trail pattern are approximate to those found during the course of everyday work. Judges are looking for a well-trained, responsive and well-mannered horse that can correctly navigate and negotiate the course, and to do so in a correct and efficient manner.

### **Ranch Reining**

- Ranch reining measures the ability of the stock horse to perform basic reining manoeuvres.
- “To rein a horse is not only to guide him but also to control his every movement. The best reined horse should be willingly guided or controlled with little or no apparent resistance and dictated to completely.”

### **Ranch Cow Work**

- ranch cow work for amateur exhibitors, where riders are allotted one minute and thirty seconds to complete the work. There are four parts to the limited ranch cow work: boxing the cow; setting up the cow and driving it down the fence to the opposite end of the arena; boxing it at the opposite end of the arena; and drive the cow back down the fence past the middle marker.

### **Ranch Conformation**

- Judges are looking for balanced, structurally correct horses with adequate muscling. You’ll need to show your horse in a good working halter – rope, braided, nylon or plain leather – exhibit your horse at a walk and trot, then line up for inspection by the judge.
